Register page	 The screenshot shows a Lighthouse audit for the URL <code>https://kyabaat.onrender.com/register</code>. The overall score is 2/4. The audit is categorized into Performance (2/4), Accessibility (11/12), Best Practices (5/5), and SEO (4/5). The Performance section is expanded, showing a message: "Later this year, insights will replace performance audits. Learn more and provide feedback here" with a "Go back to audits" button. Under the "DIAGNOSTICS" section, two issues are listed: "Image elements do not have explicit width and height" and "Images were larger than their displayed size". A note states: "More information about the performance of your application. These numbers don't directly affect the Performance score." At the bottom, it says "PASSED AUDITS (2)" with a "Show" button.
Home page	 The screenshot shows a Lighthouse audit for the URL <code>https://kyabaat.onrender.com/dashboard</code>. The overall score is 3/4. The audit is categorized into Performance (3/4), Accessibility (17/18), Best Practices (5/5), and SEO (4/5). The Performance section is expanded, showing the same message as the Register page: "Later this year, insights will replace performance audits. Learn more and provide feedback here" with a "Go back to audits" button. Under the "DIAGNOSTICS" section, the same two issues are listed: "Image elements do not have explicit width and height" and "Images were larger than their displayed size". The same note about performance scores is present. At the bottom, it says "PASSED AUDITS (3)" with a "Show" button.
